

Remote Support

Solving for COVID-19, Together.

Solution overview

With the increase in remote workers there is significant a need to support them remotely to ensure they can do their jobs effectively and productively. With the requirement for more people to work from home it's key to ensure they get same level of technical and systems support they get at the office.

Remote Support does that, it enables technical and system support people to resolve issues for remote and home workers.

BUSINESS BENEFITS

Providing technical and systems support to remote workers so they are productive

Security and Service Desk

90 day free license for COVID-19 related requirements

The #1 solution for leading enterprises to securely access and support any device or system, anywhere in the world.
