Secure e-signatures with Impression technology

Solving for COVID-19, Together.

Solution overview

Lorem ipsum

Securly sign documents online with the ability to send to multiple people & follow a workflow via our online dashboard: my.impression.cloud.

BUSINESS BENEFITS

- No need to print/scan etc.

- Fully ECT Act compliant

- Workflow can still happen remotely as all work is done online

- Paperless process - drives improvements in operation efficiency & reduces cost

- Send to multiple people sequentially & non-sequentially ie. in a particular order or any order

- Gain process intelligence and understand interactions with document. Prove that signatories understand and accept documents they are signing

- Impression technology - Only African member of the Cloud Signature Consortium

Our patented approach is locally created whilst committed to making this innovative technology available to the public enabling true social inclusion to fully realise digital transformation in South Africa.

For FREE* access to securing sign documents, visit my.impression.cloud
*First 5 documents are free thereafter a subscription is required.
